## Invest in You – It's What We Do

You know that college is an important investment in your future – and we completely agree. We offer competitive tuition, merit scholarships to reward your hard work in high school, and other financial aid to help cover the difference. Our financial aid counselors will help you and your family explore all sources of funding available to you. The first step is filing out the Free Application for Federal Student Aid (FAFSA). We suggest completing it well before the March 1 deadline to maximize the amount of aid you may receive.
