

TEST-HTML:We won't ghost you, we promise

Keene State Admissions <admissions@keene.edu>

Hi Michael,

Ever been ghosted? It's not a fun experience. That's why I promise to always get back to you. Keene State admissions counselors, like me, are your biggest advocates and friends during the entire admissions process.

Questions about life at Keene State? We have answers. Curious about what our students and professors are like? Let us introduce you. Running into challenges with the application or financial aid process? We can help.

I am your dedicated admissions counselor at Keene State. I will be there for you during each step of the admissions process, no matter if you're getting a head start or deciding at the last minute.

Find a time to meet with me, whether it's at a high school visit or a trip to campus! I hope to see you soon.

Sincerely,

CaseyJustice
